Membership Application

By completing and submitting this form, you understand, agree, and attest to support the mission of the American Brabant Association.

The American Brabant Association's mission is to protect, preserve and promote the American Brabant draft horse in the Western Hemisphere:

To Preserve and Protect - by providing a clearinghouse of breeder information, available horses and provide a network for interested people to learn about the American Brabant.

To Promote – by showcasing the abilities, attributes, and beauty of the American Brabant.

To establish, maintain and publish a registry for recording pedigrees of these horses.

To improve the health, soundness, and usefulness of the American Brabant as a working horse.

Just to clarify: The task of the ABA is not to promote or reproduce the European Belgian or the American Belgian as there are already long-established organizations that fill that need. The ABA considers the American Brabant its own breed of horse and that is its focus.
