## 2<sup>nd</sup> Raffle:

Breed your ABA approved mare to your choice of 3 Rheinisch-Deutsches Kaltblut (Rhenish German Coldblood) Stallions

Raffle Ticket cost \$100; Live Cover Only; Value \$1500; This breeding is for the 2023 breeding season. Mare care fees will be negotiated between the winner and the stallion owner.

Three Rhenish German Coldblood stallions were imported from Germany in 2022 and will be eligible for ABA registration after their in-person inspection when they are 3 years old (2024). The colts should mature around 16 hands and 1600-1800 pounds. They are the closest representation to a pre-WWI Belgian horse that the ABA has been able to find. As far as we know, these are the only 3 Rhenish German Coldblood horses in the United States. Very few select mares will be bred by these rare stallions in 2023. It will be 2024 before their breeding services will be available to the public. The ABA leadership is super excited to add these stallions to the American Brabant gene pool.
